

6250 Low profile flatswitch

herga

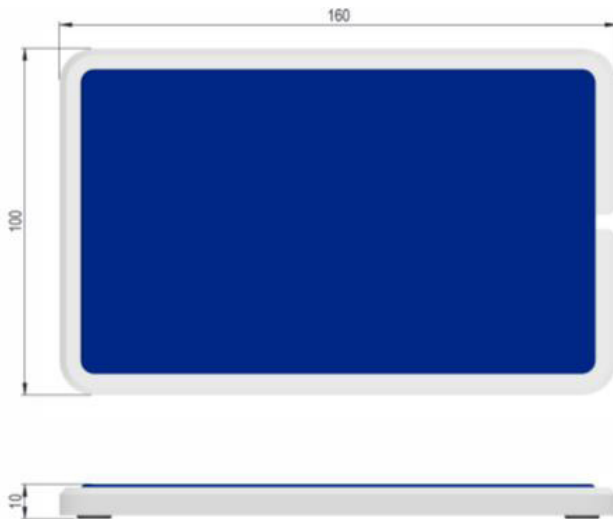

Technology Ltd

- Low profile, rear hinged switch designed to maximise user comfort
- Lightweight operation
- All plastic construction
- Versatile and innovative design makes it ideal for OEM use
- Designed to meet medical / industrial / office / commercial standards

At only 10 mm thick, the 6250 is Herga's lowest profile footswitch. Designed directly in response to customer feedback for improved comfort, the neat and compact flatswitch reduces strain on calf and achilles muscles and is perfect for comfortable prolonged use.

Reference dimensions mm
